## Drill press DP 2032F

Nr referencyjny: U W Z DP2032F

### Informacje:

Drill press DP 2032F

### Cechy produktu

|                           |                  |
|---------------------------|------------------|
| Power supply              | 400V/50Hz        |
| Rotations                 | 300-2550 obr/min |
| Power                     | 450W             |
| Maximal drilling diameter | 16mm             |
| Drill bit chuck           | B16 3-16         |
| Spindle feed              | 65 mm            |
| Spindle cone              | B 16             |
| Column diameter           | 58 mm            |
| Table dimensions          | fi 255 mm        |
| Base dimensions           | 420x240 mm       |
| Total height              | 910 mm           |

### Pełny opis produktu

Drill press equipped with self-clamp drill chuck and water cooling.
